**Prescient Information Systems “Captures” Gold Partner status with Kofax.**

**INDIANAPOLIS, IN — February 1, 2010** — Prescient Information Systems, Inc., learned from Kofax, a market leader in automated capture software and processing, that they have reached “Gold” Status in their Global Partner Program.

Prescient has been a partner with Kofax for over two years. They recently expanded their sales coverage to include offices in Cleveland and San Antonio. “We are extremely committed to serving the needs in the Capture Market with the [Kofax Product](#) line as is evident by our investment in marketing and sales”, said Paul Samulowitz, President of Prescient Information Systems. “Prescient has specialized in the Capture process since our inception in 1996. Having worked with other vendors and through development of our own Capture solutions, we found the product portfolio offered by Kofax to have a wide range of features and customization options ensuring the client higher productivity and an exceptional return on investment (ROI). We intend to further expand our Kofax client base and reach the Platinum Partner Level yet this year.”

**About Kofax**

Kofax plc (LSE: KFX) is the leading provider of document driven business process automation solutions. For more than 20 years, Kofax has provided award winning solutions that streamline the flow of information throughout an organization by managing the capture, transformation and exchange of business critical information arising in paper, fax and electronic formats in a more accurate, timely and cost effective manner. These solutions provide a rapid ROI to thousands of customers in financial services, government, business process outsourcing, healthcare, supply chain and other markets. Kofax delivers these solutions through its own sales and service organizations, and a global network of more than 1000 authorized partners in more than 60 countries throughout the Americas, EMEA and Asia Pacific. For more information, visit [www.kofax.com](http://www.kofax.com).

**About Prescient Information Systems, Inc.**

Prescient is one of the most progressive and innovative document management service providers. Their core competencies are in Application Development and Document Migration from legacy systems into new data repositories. Prescient specializes in combining document capture, imaging & workflow products as well as data conversion and migration services to enhance the speed and productivity of commercial and government organizations. Prescient also provides conversion services for Microfilm and Microfiche. When it comes to lowering the cost of doing business, Prescient has shown great success in finding the best and most cost effective way to help manage paper and electronic documentation in the Enterprise Content Management market.
